- **Paper (Total)** /(10 pts)

- **Scientific Scope** /(3 pts)

Did the summary cover the key areas of the article, without unessential detail?

- **Radiative Transfer Scope** /(3 pts)

Did the summary cover the key areas of the radiative transfer concepts underpinning the research? The summary should go beyond simply summarizing the article and should directly address terms and concepts covered in class.

- **Accuracy** /(2 pts)

Was the summary scientifically accurate?

- **Clarity** /(2 pts)

Was the summary well-written and easy to follow? This includes few typos, clarity and brevity of sentence structure, and overall organization.
